

Sisters In Solidarity Calling All Union Sisters!!!

UWUA Local 1-2 is a unique union. No matter what your job title is, you're a utility worker and a union member. As women in the utility industry, we are in the minority and we face unique challenges. You may feel alone and isolated – but you're not! You have **SISTERS!!!**

Our next Monthly 'Sisters In Solidarity' Women's Forum will be held Thursday, December 18th, 5:00 PM @ the New York Irish Center. This is a great opportunity to come together in a forum designed to associate, communicate, create, educate, empower, enhance self-awareness, expand knowledge, gain insight, provide guidance, inform, network and mentor in a social atmosphere that fosters friendship and sisterhood, all so that we may position ourselves for success in our personal and professional lives and within our union.
