

## **UWUA LOCAL 1-2 CONTRACT UPDATE**

**Statement from President Slevin on contract talks with Con Edison,  
June 21, 2016:**

**Brothers and Sisters contract talks with Con Edison are moving along slowly. Some progress has been made but there is much to be done. Your Union negotiating team is working hard to bring a fair and equitable contract to you. We need you, the Membership, to continue to support us as we fight to bring you Dignity and Respect. At this time there is still much to be discussed and not much agreed on. Don't listen to the rumors.**
