

## **Brothers and Sisters,**

On behalf of the Officers and Executive Board of Local 1-2 we bring you heartfelt wishes and hopes for a bountiful and healthy Thanksgiving.

Especially in this year of 2020 we want to give thanks to all of you who have kept working while most of the world came to a standstill as we fight the global pandemic of Covid 19. It is the dedication and guts of Utility Workers who, literally, make it possible to prepare the food and warm the hearth for this Holiday.

We hope all our Brothers and Sisters can gather safely with their loved ones this Thanksgiving. We give thanks to you and your families and pray for a healthy future.

Stay safe, work safe, until we can once again gather in person. Happy Thanksgiving!
